# FINDING A DOCTOR OR DENTIST IN OUR DIRECTORY IS EASY

Is your doctor, dentist or hospital in your plan's Cigna network? Cigna's online directory makes it easy to find who (or what) you're looking for.

## SEARCH YOUR PLAN'S NETWORK IN THESE SIMPLE STEPS

 <https://www.cigna.com>

**Visit [www.cigna.com](https://www.cigna.com).** If you are currently enrolled in a Cigna plan, **DO NOT** go to your [mycigna.com](https://mycigna.com) user portal as only the providers participating in your current plan will be listed.

 Find a Doctor, Dentist, or Facility

**Click the blue button** on the landing page that says "Find a Doctor, Dentist or Facility"  
Choose "Employer" from the How Are You Covered screen  
Enter your zip code and choose by type, name or facility

## PLAN OPTIONS

### Medical

- Select "LocalPlus" for the EPO \$800 Plan\*
- Select "Open Access Plus, OA Plus, Choice Fund OA Plus" for the HDHP \$1750 or \$3500 Plan

### Dental

- Select "Total Cigna DPPO" for the DPPO plan
- Select "Cigna Dental Care Access" for the DHMO plan

**\*If your current medical provider (doctor, hospital, therapist, lab, etc.) is not in the Cigna LocalPlus network, you must be willing to transition to a provider who participates in this network for any benefits to be provided in the EPO \$800 Medical Plan. If you do not reside in the LocalPlus service area, you will be offered the Cigna OAP Network.**
